CaL P Phusion

A True Phosphorous Complex

Crop MaXX

Distinctive Plant Nutrition

Essential Green Crop Maxx has all of the nutrients that plants need to thrive. C-Plexx chelation, Amino acids, and multiple additional carbon sources allows Crop Maxx to supply all of the necessary nutrition to the plant while enhancing the natural biology of the soil. Crop Maxx is the first product that supplies all the essential nutrients in a single product including Calcium and Phosphorous together. Phosphorous complexing makes CalPhusion the most efficient Phosphorous source there is. Your crops demand a product that delivers higher yields with reduced inputs. All the essential nutrients all the time every time mimicking nature as intended. the ultimate answer to plant health and higher yields.

- Low use rates with all the nutrients the plant needs
- C-Plexx chelation allows for a true stabilized phosphorous and chelated nutrients for longer lasting nutrients.
- CalPhusion allows Calcium and Phosphorous with every application.
- Carbon inputs for healthier natural biological soil improving overall plant health.
- True mimicking of natural nutrient uptake.
